

Recording Data/Image Extract

Recording Data and Images are generated each night for documents that have been recorded, redacted, and verified.

Access to data/images is provided by submitting a request via a Public Records Request on the LeeClerk website. The customer will be provided with IDs and passwords to allow retrieval of files as agreed upon.

Within the data files there are three types of records:

DDA	DPA	LDA
RecordFormatType,	RecordFormatType,	ClerkFileNumber,
CountyNumber,	CountyNumber,	BookNumber,
ClerkFileNumber	ClerkFileNumber,	PageNumber,
