May 5,  
2020

For couples who would like to tie the knot amidst the current coronavirus crisis, the Lee County Clerk of Court is now offering a virtual process to obtain a marriage license.

Florida Statutes require the couple to appear before the clerk to sign and obtain the marriage license. This new virtual process allows the required appearance to happen remotely in compliance with social distancing. Complete instructions are outlined

on [www.LeeClerk.org/Marriage License](http://www.LeeClerk.org/MarriageLicense).

Clerk Doggett said "I am pleased that we can now offer this innovative solution to our community. It allows us to provide this valuable service while adhering to CDC guidelines."
